Equity and Respectful Care Consultant
(Contract)

Background
The Alliance for Innovation on Maternal Health (AIM) is a national, cross-sector commitment designed to lead in the development and implementation of patient safety bundles for the promotion of safe care for every U.S. birth. The AIM National Team at the American College of Obstetricians and Gynecologists (ACOG) provides expert technical support and capacity building to multidisciplinary state-based teams, most often perinatal quality collaboratives, leading target rapid-cycle quality improvement (QI) via implementation of patient safety bundles. With 42 enrolled states and over 1,800 participating facilities, AIM seeks to engage all US states and territories in its maternal health quality improvement network.

AIM seeks an Equity and Respectful Care Consultant to provide subject matter expertise to ACOG to assess and ensure all AIM materials have actively considered disparities and inequities in care. The Consultant will work collaboratively with AIM staff to design, develop, and create a comprehensive equity scorecard to act as a guideline for all visual and written AIM resource materials and guide efforts for inclusion of respectful care in AIM culture.

Responsibilities
- Define timelines, deliverables, and milestones for project;
- Hold regular meeting and provide regular communications to ACOG that document progress toward project milestones;
- Compile and review literature published on equitable, supportive, and respectful care;
- Collaborate with AIM staff to determine strategies that align with AIM program goals and objectives; and
- Develop respectful care scorecard to evaluate existing and developed AIM resources.

Qualifications
- Consultants will be evaluated and selected based on their background and expertise in health equity, respectful care, and maternal child health.
