Announcing the Awards for the National Improvement Challenge on Maternal Mental Health

May 27, 2021

The Council received many highly qualified submissions for the National Improvement Challenge on Maternal Mental Health. Awards were granted after a rigorous review, including an evaluation of the use of the Council’s patient safety tools, improvements in processes and outcomes, and demonstrated multidisciplinary collaboration.

The National Improvement Challenge on Maternal Mental Health award winners are:

Learn more about the winning programs and their innovative initiatives on our Safety Action Series. Registration will be announced here.

About the National Improvement Challenge

The National Improvement Challenge seeks to improve women’s health care through the development of patient safety and quality improvement projects and to foster a culture of collaboration, teamwork, patient safety, and communication between clinicians and patients while concurrently increasing widespread implementation of the safety tools and resources put forth by the Council.
